**UPDATED
COVID-19
Protocols**

As of 09 February 2022, the French Government has changed the entry requirements to France. The requirements vary based on where travellers are traveling to France from (Green/Amber/Red countries), as well as their vaccination status.

Country classification:

- a) **"Green list" countries or territories:** Countries or territories where no active circulation of the virus is observed and no variant of concern is identified. These are the countries in the European area, plus Bahrain, Honduras, Hong Kong, Indonesia, Japan, Kuwait, New Zealand, Qatar, Rwanda, Saudi Arabia, Senegal, Taiwan, United Arab Emirates and Vanuatu.
- b) **"Amber list" countries:** Countries where active circulation of the virus is observed in controlled proportions, without spread of any variants of concern. These are all countries not included in the "green" and "red" list countries.
- c) **"Red list" countries:** Countries where active circulation of the virus is observed with the presence of variants of concern. To date, there are no countries classified as "red".

Vaccination status classification:

The vaccination schedule is considered complete 28 days after receiving one dose of Janssen vaccine, seven days after a second dose of other vaccines approved by the European Medicines Agency (namely Pfizer/Comirnaty, Moderna, AstraZeneca/Vaxzevria/Covishield).

For persons who have received all the required doses of a WHO-licensed vaccine not approved by the European Medicines Agency (Sinopharm/Sinovac), it is considered seven days after receiving an additional dose of a duly approved mRNA (Pfizer/Moderna) vaccine.

The measures applied to vaccinated adults are extended under the same conditions to their accompanying minors, whether vaccinated or not.

Fully vaccinated: In order to be considered as fully vaccinated, persons aged eighteen or over wishing to enter the national territory must have:

- a) received their second dose of EMA approved vaccine within the last 9 months without receiving any additional dose of vaccination
- b) received all the required doses of an EMA approved vaccine and also received a dose of complementary messenger RNA vaccine (Pfizer/Moderna) no later than 9 months following the injection of the last required dose
- c) received all the required doses of a WHO-licensed vaccine not approved by the European Medicines Agency and then received an additional dose of a duly approved mRNA vaccine (Pfizer/Moderna) and minimum seven days have passed since the receipt of the mRNA vaccine

Not fully vaccinated:

- a) Those who received their second dose of EMA approved vaccine more than 9 months ago, but have not received a dose of complementary messenger RNA vaccine (Pfizer/Moderna)
- b) Those who received all the required doses of an EMA approved vaccine, but their 3rd dose of vaccination was NOT a messenger RNA vaccine (Pfizer/Moderna)
- c) Those who are vaccinated with WHO approved vaccines, not approved by the EMA and have not received a dose of complementary messenger RNA vaccine (Pfizer/Moderna)

d) Those who are vaccinated with vaccines only approved in their country (which are currently not approved by WHO or EMA) in the correct required number of doses (for instance Sputnik vaccine with 2 doses).

Not vaccinated:

Participants who are not vaccinated as described above will not be considered as being "Vaccinated" by the French Authorities and must follow the rules specified for "Not vaccinated" people and as such will not be able to participate in the tournament.

People who have previously been infected with COVID-19:

There is no "vaccine exemption" for non-French people who have previously been infected with COVID-19. If not vaccinated as described above, participants must follow the rules specified for "Not vaccinated" people and as such will not be able to participate in the tournament.

COVID-19 protocols and general information will be updated by March if any regulation evolves depending on the sanitary situation in France.

In the meantime, you can find all the updated information on the official French government websites:

- Restriction & requirements in France: <https://www.diplomatie.gouv.fr/en/coming-to-france/coronavirus-advice-for-foreign-nationals-in-france/>
- Entry requirements: <https://www.interieur.gouv.fr/Actualites/L-actu-du-Ministere/Certificate-of-international-travel>

Condition to access the competition venue:

Non-vaccinated participants will not have access to the competition venue, therefore are not able to participate in the tournament.

Not fully vaccinated participants will have to respect the following protocols:

- Strictly use official transport between the airport/station and Orléans + between the hotel and the venue**
- Strictly stay either in their hotel room or in the venue and eat either at the venue or in their hotel room. Not allowed to go to public places.**
- Take an antigenic test every 24h, starting when arriving in Orléans, at their own expenses (in case of a positive antigen test, the result will be confirmed by a PCR test. If the PCR test is positive, the participant will have to isolate in his/her room for 7 to 10 days, at his/her own expense)**

Their identified close contacts will have to follow the local health authority regulations and the BWF COVID-19 protocols:

- **Definition of close contacts: roommates and/or double partners**
- **Vaccinated close contacts: mandatory daily antigenic test at own cost. If the test results are negative, no mandatory self-isolation. If one of the tests turns out to be positive, mandatory 7 days self-isolation (can be reduced to 5 days self-isolation if no symptoms and a negative test at Day 5).**
- **Not (fully) vaccinated close contacts: mandatory 7 days self-isolation + antigenic test at the end of this period.**

Participants who belong to the “not fully vaccinated category” must arrive to Orleans on time for their on-arrival antigen test result to be received before the start for the TMM. However, should a participant test positive on the said antigen-test, a follow up PCR test will be carried out. The result of this PCR test must be received in order to play or practice, so kindly factor this in for your arrival time. (The PCR result test can take up to 24hours to receive.)

Fully vaccinated participants

Participants considered as “EMA fully vaccinated” as defined above will be allowed to access the venue and other public places by showing their proof of vaccination (ideally the related QR Code to ease the process) every time they enter these places. No on-arrival testing will be carried out for those who are fully vaccinated.

Covid-19 Testing:

Please plan your travel using the minimum requirements as detailed above.

The tournament organizer will offer the participants who need it the opportunity to be tested at the venue at their own expenses (Antigenic test = 50 Euros / PCR test = 70 Euros): please write an email at info@orleansmasters.com if you need to be tested.

As of 13 January 2022, the French Government states the following:-

Vaccination status:

The vaccination schedule is considered complete 28 days after receiving one dose of Janssen vaccine, seven days after a second dose of other vaccines approved by the European Medicines Agency (namely

Pfizer/Comirnaty, Moderna, AstraZeneca/Vaxzevria/Covishield) and, for persons who have received all the required doses of a WHO licensed vaccine not approved by the European Medicines Agency, seven days after receiving an additional dose of a duly approved mRNA vaccine.

The measures applied to vaccinated adults are extended under the same conditions to their accompanying minors, whether vaccinated or not.

Participants who are not vaccinated as described above will not be considered as being “Vaccinated” by the French Authorities and must follow the rules specified for “Not vaccinated” people.

Country classification:

— **“Green list” countries or territories:** Countries or territories where no active circulation of the virus is observed and no variant of concern is identified. These are the countries in the European area, plus Argentina, Australia, Bahrain, Hong Kong, Japan, Kuwait, New Zealand, Qatar, Rwanda, Saudi Arabia, Senegal, Taiwan, United Arab Emirates, Uruguay and Vanuatu.

— **“Amber list” countries:** Countries where active circulation of the virus is observed in controlled proportions, without spread of any variants of concern. These are all countries not included in the “green” and “red” list countries.

o Countries subject to specific measures: The United Kingdom constitutes a special category of countries with active circulation of a variant, due to the specific measures applying to travel to and from this country since December 20, 2021.

— **“Red list” countries:** Countries where active circulation of the virus is observed with the presence of variants of concern. These include the following countries: Afghanistan, Belarus, Botswana, Democratic Republic of Congo, Eswatini, Georgia, Lesotho, Nigeria, Malawi, Mauritius, Moldova, Montenegro, Mozambique, Namibia, Pakistan, Russia, South Africa, Suriname, Tanzania, Turkey, Ukraine, United States, Zambia, Zimbabwe.

COVID 19 Protocols and general information will be updated by March if any regulation evolves depending on the sanitary situation in France.
